

5140 Commerce Dr. Baldwin Park, CA 91706

CNC Manufacturing serving the Aerospace Industry since 1997

*MYM MY Machine, Inc. Paramount, California manufacturing facility is moving to:
5140 Commerce Dr. Baldwin Park, California this June, 2010*

MY Machine, Inc., Inc. a producer of machined aerospace components, announced today that it has now acquired a new 20,000 square foot facility to expand its capabilities.

MY Machine, Inc. services the aerospace, space and defense industries by providing build to print 3 and 5 axis machined components.

This move from a meager 7,000 sq. ft. facility into a newly modern type 20,000 sq. ft. facility will allow it to expand their operations and add new machinery in order to enhance their capabilities to keep up with the demand of their current and future customers.

Jamie Young, MY Machine, Inc. CEO said "As we continue to grow our business in the aerospace, space and defense industries, it is important for us to continually improve our operations and quality systems. We strive to create and maintain long-term partnerships with our customers, and we believe by increasing our shop size and capabilities, we can show our current and future customer base that we are in fact an up and coming competitor within the industry".

Any inquiries for our services should contact Bob Barker V.P. of Sales for MYM and can be reached at the contact information listed below.
